# Material Safety Data Sheet – BRUSHO COLOURS

## 6. ACCIDENTAL RELEASE MEASURE

### Personal Precautions

Refer to section 8 of HSDS for personal protection details.

### Environmental Precautions

Do not allow to contaminate water courses.

### Cleaning Measures

Powder- sweep up.

Solution - All paints can stain. Protect clothing and furnishings. If Brusho gets on clothes, wash first with cold water until most of the paint has been removed, then wash with warm water and soap flakes. As with any paints, avoid using detergents and biological powders.

## 7. HANDLING & STORAGE

### Handling Requirements

Product should be handled with care to avoid staining.

### Storage Conditions

Keep container closed and out of the reach of young children.

### Suitable Packaging

Keep in original packaging.

### Additional Information

Handle in accordance with good standards of hygiene and safety practices.

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

## 15. REGULATORY INFORMATION

**Note:** The regulatory information given above only indicates the principle regulations specifically applicable to the product described in the safety data sheet. The user's attention is drawn to the possible existence of additional provisions which complete these regulations. Refer to all applicable national, international and local regulations or provisions.

16

Care should always be taken to avoid inhalation of fine powders whether these are dyes, other chemicals, flour or even icing sugar, particularly when used extensively. Persons suffering from asthma or any other respiratory problems should not handle synthetic or natural dyes. In the event of previous sensitivity to any art, dye or household products, we recommend consulting a physician before using art and craft products including the above. Children should be supervised.

All dyes supplied by Colourcraft C & A Limited have been approved as safe for use and none are subject to either the German Ordinance or the 19<sup>th</sup> Amendment of the Council Directive 76/769/EEC banning the use of certain azo dyes. They do not contain any dissolvable heavy metals and are, therefore, non toxic.

### **Legal Disclaimer**

The information contained in this data is accurate to the best of our knowledge and is intended to describe our products from the point of view of Health and Safety requirements. It should not, therefore, be construed as guaranteeing any specific properties. Colourcraft C & A Ltd shall not be held liable for any damage resulting from handling or from contact with the above product.
