SECTION 4: First aid measures	
4.1. Description of first aid measures	
After skin contact	
Wash with plenty of water and soap. Do NOT use solvents or thinners.	
After eye contact	
Separate eyelids, wash the eyes thoroughly with water (15 min.). In case of irritation consult an oculist.	
After ingestion	
Rinse mouth thoroughly with water. If larger amounts are swallowed or in the event of symptoms take medical treatment.	
4.2. Most important symptoms and effects, both acute and delayed Until now no symptoms known so far.	
4.3. Indication of any immediate medical attention and special treatment needed	
Hints for the physician / treatment	
Treat symptomatically	
SECTION 5: Firefighting measures	
5.1. Extinguishing media	
Suitable extinguishing media	
Carbon dioxide, Foam, Sand, Water	
5.2. Special hazards arising from the substance or mixture	
In the event of fire the following can be released: Carbon dioxide (CO2); Carbon monoxide (CO); dense black smoke	
5.3. Advice for firefighters	
Other information	
Collect contaminated fire-fighting water separately, must not be discharged into the drains.	
SECTION 6: Accidental release measures	
6.1. Personal precautions, protective equipment and emergency procedures No particular measures required.	
6.2. Environmental precautions No particular measures required.	
6.3. Methods and material for containment and cleaning up Clean preferably with a detergent - avoid use of solvents.	
6.4. Reference to other sections Information regarding Safe handling, see Section 7. Information regarding personal protective measures, see Section 8. Information regarding waste disposal, see Section 13.	
SECTION 7: Handling and storage	

7.1. Precautions for safe handling

ade name: Marabu Porc&Glas Pa	ainter 073, 0,8mm	N

Carcinogenicity	
Remarks	Based on available data, the classification criteria are not met.
Specific Target Organ To	xicity (STOT)
Single exposure	
Remarks	Based on available data, the classification criteria are not met.
Repeated exposure	
Remarks	Based on available data, the classification criteria are not met.
Aspiration hazard	

Based on available data, the classification criteria are not met.

Experience in practice

Provided all the recommended protective and safety precautions are taken, experience shows that no risk to health can be expected.

Other information

There are no data available on the mixture itself. The mixture has been assessed following the additivity method of the CLP Regulation (EC) No 1272/2008 and classified for toxicological hazards accordingly.

SECTION 12: Ecological information

12.1. Toxicity

General information

There are no data available on the mixture itself.Do not allow to enter drains or water courses.The mixture has been assessed following the summation method of the CLP Regulation (EC) No 1272/2008 and is not classified as dangerous for the environment.

Fish toxicity (Components)

1,2-Benzisothiazol-3(2h)-one Species LC50 Duration of exposure	rainbow trout (Oncorhynchus mykiss) 2,18 96 h	mg/l
Bronopol (INN) Species LC50 Duration of exposure Method	rainbow trout (Oncorhynchus mykiss) 3 96 h OECD 203	mg/l
Bronopol (INN) Species NOEC Duration of exposure Method	rainbow trout (Oncorhynchus mykiss) 2,61 28 d OECD 203	mg/l
Daphnia toxicity (Compone 1,2-Benzisothiazol-3(2h)-one Species EC50	nts) Daphnia magna 2,94	ma/l
Duration of exposure Bronopol (INN) Species	48 h Daphnia magna

Information for all modes of transport

14.6. Special precautions for user

Transport within the user's premises:

Always transport in closed containers that are upright and secure.

Ensure that persons transporting the product know what to do in the event of an accident or spillage.

Other information

14.7. Transport in bulk according to Annex II of Marpol and the IBC Code no

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

Other information

All components are contained in the IECSC inventory. All components are contained in the ECL inventory.

15.2. Chemical safety assessment

For this preparation a chemical safety assessment has not been carried out.

SECTION 16: Other information

Hazard statements listed in Chapter 3

H301	Toxic if swallowed.
H302	Harmful if swallowed.
H311	Toxic in contact with skin.
H312	Harmful in contact with skin.
H314	Causes severe skin burns and eye damage.

Supplemental information

Relevant changes compared with the previous version of the safety data sheet are marked with: *** This information is based on our present state of knowledge. However, it should not constitute a guarantee for any specific product properties and shall not establish a legally valid relationship. The information in this Safety Data Sheet is based on the present state of knowledge and current legislation.

It provides guidance on health, safety and environmental aspects of the product and should not be construed as any guarantee of technical performance or suitability for particular applications. The product should not be used for purposes other than those shown in Section 1 without first referring to the supplier and obtaining written handling instructions.

As the specific conditions of use of the product are outside the supplier's control, the user is responsible for ensuring that the requirements of relevant legislation are complied with.

The information contained in this safety data sheet does not constitute the user's own assessment of workplace risks, as required by other health and safety legislation.
