Trade name: Marabu YONO Marker 734, 1,5-3mm

Substance number: 12400103734

Replaces Version: 1 / WORLD

black smoke

### 5.3. Advice for firefighters

### Other information

Collect contaminated fire-fighting water separately, must not be discharged into the drains.

Version: 2/

### SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures No particular measures required.

### 6.2. Environmental precautions

No particular measures required.

**6.3. Methods and material for containment and cleaning up** Clean preferably with a detergent - avoid use of solvents.

### 6.4. Reference to other sections

Information regarding Safe handling, see Section 7. Information regarding personal protective measures, see Section 8. Information regarding waste disposal, see Section 13.

### SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

Advice on safe handling

Avoid skin and eye contact. Smoking, eating and drinking shall be prohibited in application area.

### Advice on protection against fire and explosion

No special measures required.

7.2. Conditions for safe storage, including any incompatibilities Requirements for storage rooms and vessels Store in frostfree conditions.

### 7.3. Specific end use(s)

Paint

### SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

### Other information

There are not known any further control parameters.

### Derived No/Minimal Effect Levels (DNEL/DMEL)

#### Ethanol

#### **Respiratory protection**

Not necessary.

#### Hand protection

Not necessary.

In case of intensive contact wear protective gloves.

There is no one glove material or combination of materials that will give unlimited resistance to any individual or combination of chemicals.

For prolonged or repeated handling nitrile rubber gloves with textile undergloves are required.

| Material thickness | > | 0,5 | mm  |
|--------------------|---|-----|-----|
| Breakthrough time  | < | 30  | min |

Breakthrough time < 30 min The breakthrough time must be greater than the end use time of the product.

The instructions and information provided by the glove manufacturer on use, storage, maintenance and replacement must be followed.

Gloves should be replaced regularly and if there is any sign of damage to the glove material.

Always ensure that gloves are free from defects and that they are stored and used correctly.

The performance or effectiveness of the glove may be reduced by physical/ chemical damage and poor maintenance.

Barrier creams may help to protect the exposed areas of the skin, they should however not be applied once exposure has occurred.

### Eye protection

Not necessary.

#### **Body protection**

Not applicable.

### SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

## SECTION 12: Ecological information

### 12.1. Toxicity

### **General information**

There are no data available on the mixture itself.Do not allow to enter drains or water courses.The mixture has been assessed following the summation method of the CLP Regulation (EC) No 1272/2008 and is not classified as dangerous for the environment.

### 12.2. Persistence and degradability

### **General information**

There are no data available on the mixture itself.

Trade name: Marabu YONO Marker 734, 1,5-3mm

Version: 2 /

Date revised: 13.10.2021 Print date: 13.10.21

Substance number: 12400103734

Replaces Version: 1 / WORLD

### Information for all modes of transport

14.6. Special precautions for user

Transport within the user's premises:

Always transport in closed containers that are upright and secure.

Ensure that persons transporting the product know what to do in the event of an accident or spillage.

### Other information

14.7. Transport in bulk according to Annex II of Marpol and the IBC Code

### SECTION 15: Regulatory information

# 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

### Other information

The product does not contain substances of very high concern (SVHC).

### 15.2. Chemical safety assessment

For this preparation a chemical safety assessment has not been carried out.

### SECTION 16: Other information

### Hazard statements listed in Chapter 3

| H225 | Highly flammable liquid and vapour.              |
|------|--|
| H302 | Harmful if swallowed.                            |
| H318 | Causes serious eye damage.                       |
| H319 | Causes serious eye irritation.                   |
| H332 | Harmful if inhaled.                              |
| H336 | May cause drowsiness or dizziness.               |
| H400 | Very toxic to aquatic life.                      |
| H411 | Toxic to aquatic life with long lasting effects. |
|      |  |

### **CLP** categories listed in Chapter 3

| Acute Tox. 4      | Acute toxicity, Category 4                                   |
|-------------------|--|
| Aquatic Acute 1   | Hazardous to the aquatic environment, acute, Category 1      |
| Aquatic Chronic 2 | Hazardous to the aquatic environment, chronic, Category 2    |
| Eye Dam. 1        | Serious eye damage, Category 1                               |
| Eye Irrit. 2      | Eye irritation, Category 2                                   |
| Flam. Liq. 2      | Flammable liquid, Category 2                                 |
| STOT SÉ 3         | Specific target organ toxicity - single exposure, Category 3 |

### Supplemental information

Relevant changes compared with the previous version of the safety data sheet are marked with: \*\*\* This information is based on our present state of knowledge. However, it should not constitute a guarantee for any specific product properties and shall not establish a legally valid relationship. The information in this Safety Data Sheet is based on the present state of knowledge and current legislation.

It provides guidance on health, safety and environmental aspects of the product and should not be construed as any guarantee of technical performance or suitability for particular applications. The product should not be used for purposes other than those shown in Section 1 without first referring to the supplier and obtaining written handling instructions.

As the specific conditions of use of the product are outside the supplier's control, the user is responsible for ensuring that the requirements of relevant legislation are complied with.

The information contained in this safety data sheet does not constitute the user's own assessment of workplace risks, as required by other health and safety legislation.
