ONE MARKER – MANY OPTIONS

YONO is an opaque acrylic marker that will write or draw on almost all surfaces. These markers contain a lightfast, water-based, matt, opaque, low odour acrylic ink that is suitable for use on most surfaces. YONO markers will write comfortably on canvas, wood, concrete, glass, metal, plastic, stone, cardboard, fabric and more! It is permanent and waterproof after drying on porous materials and on smooth, non-absorbent surfaces it can be removed with a damp cloth.

The ink can be mixed with water to create washes and colours blend easily. Simply shake and push and the unique pump action and high quality, Japanese made tips ensure smooth and even ink flow. Available in bullet point tips – fine 0.5-1.5mm, medium 1.5-3mm and a chisel tip point 0.5-5mm.

YONO is the opaque acrylic marker for almost all surfaces. Let your ideas run wild, think big. The rich matt colours have just as few limits as your creativity. Bring your ideas to light and show your environment what's in you. The water-based and light-fast colours offer you all possibilities. No matter what task you want to implement – YOU ONLY NEED ONE

YONO markers are manufactured in Japan, using only the highest quality materials.

Compact range of 28 popular colours including metallics and neon's. No large investment required. No need to purchase obscure colours that end up sitting on your shelves indefinitely.

NEED ONE

- **ACRYLIC**
- **MATT**
- **OPAQUE**
- **WATER-BASED**
- **LIGHT-FAST**
- **SUITABLE FOR ALMOST ALL SURFACES**
- **REPLACEABLE TIP**
- **WATERPROOF ONCE DRY**
- **SUITABLE FOR USE AS WATERCOLOURS**
- **NEON: PARTIALLY LIGHT-FAST & SEMI OPAQUE**

NO MATTER WHAT MATERIAL

From canvas to concrete. Don't waste your time searching for the right pen. Just go ahead and draw. Be creative. No matter what material – YOU ONLY NEED ONE

On absorbent materials you leave a piece of art for eternity. On smooth, non-absorbent surfaces, your artwork can be wiped off with a damp cloth and room for new things is created.

TIPS & TRICKS

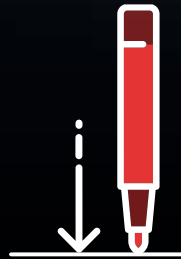

SHAKE IT

Before first use, shake the marker with the cap closed for 60 seconds. The mixing ball in the marker makes a clicking noise.

PUSH IT

Slowly press the tip several times on a test paper until the ink is visible. When the ink flow is activated, the nib will slowly soak itself full.

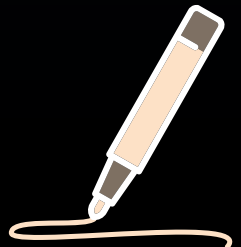

TEST IT

When the tip is filled with paint, test the marker on the test paper.

DRAW IT

For even application of paint, pump regularly.

CLOSE IT

Before putting it away, close the marker tightly with a distinct clicking sound.

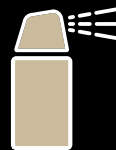

STORE IT

Always store the marker horizontally.

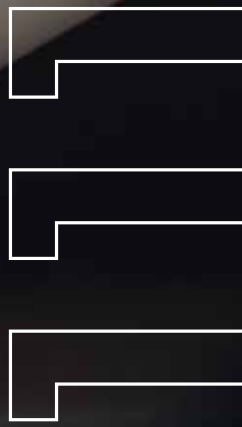

For better durability, spray over artwork with Marabu varnish. Fix fabric in the oven at 150°C for 8 minutes.

FABRIC

ONLY ONE FOR MANY TECHNIQUES

PAINT OVER

1 Paint your motif, no matter what colour.

2 Let the paint dry.

3 Just paint over it, no matter what colour. Your YONO covers that.

LIKE WATERCOLOUR

1 Soak tip with paint.

2 Apply paint to the surface.

3 Blur the colours with a wet brush to create watercolour-like gradients.

BLEND IT / MIX IT MAKE BLOBS

1 Apply several colours side by side.

2 Take a brush or sponge and blend the wet paints into one another.

3 Or draw the colours directly into one another to create nuances.

1 Soak tip with paint.

2 Blow hard against the tip or snap your finger at the marker.

3 Add randomness and dynamism with splashes and blobs.
